1. Have returned to Mr. Minot of Saltonstall's office the report from Mr. [ ] which was the subject of the Senator's letter of 12 May to the Director and of the Director's reply of 18 May. I informed Mr. Minot that we proposed to contact Mr. [ ] in connection with other matters, and would discretely suggest to him that he keep us advised on matters abroad which would probably serve to secure for us the periodic report which he sent to Saltonstall and other friends.

2. In response to call from Mrs. Clark (Sen. Humphrey) arranged for appointment for [ ] Minn., however she did not keep appointment, and Mrs. Clark was informed of this fact.
